# *RESPITE SERVICES*

**We at MORC, Inc. understand the stresses involved with caring for a loved one with a developmental disability. One of the ways we help to alleviate these stresses is by providing respite care.**

Respite means a break. MORC's respite services offer short term, hourly or overnight relief for families taking care of a person with a developmental disability. These services give family members the opportunity to go out for an evening, take a vacation, take care of other needs, or simply take a break.

Families of children and adults with developmental disabilities who are currently living with their parent(s) or guardian in Oakland or Wayne County are eligible for respite services. Approval may vary by county, so ask your MORC Support Coordinator or local MORC office for more information. Payment for respite services is dependent on the family's ability to pay. No one is denied service based on lack of financial resources.

## WHAT TYPES OF RESPITE SERVICES ARE AVAILABLE?

### Home Respite

A relative or friend chosen by the individual with a developmental disability and his or her parent or guardian provides care.

### Residential Respite

An individual receiving services stays for a short time at a licensed, residential respite home. While a guest at a respite home, individuals receive 24 hour supervision from well-trained, attentive and compassionate staff. These homes offer barrier free environments with services provided in a safe, comfortable and family-oriented setting.

## WHAT RESPITE HOMES ARE AVAILABLE?
